09	84	NUCLEAR REACTORS, BOILERS, MACHINERY AND MECHANICAL APPLIANCES, PARTS THEREOF	0.13
10	10	CEREALS	0.07

D. Potential Indian Exports in the future

S.No	<u>Commodity</u> <u>(HS Code)</u>	<u>Rationale</u>
<u>1</u>	Cereals (10)	DRC imports around \$70-80 million worth

		wheat (all from Russia and Ukraine). However, a negligible amount is imported from India. Similarly for around \$90 million worth rice import of DRC (over 60% from Thailand), India's share is only around \$25 million.
<u>2.</u>	Sugar (17)	<p>DRC imports around USD 25 million worth of Sugar. Majority of this is sourced from Brazil and hence India has an immense scope to boost its exports here. Mission has identified the major importing companies and has requested APEDA for a trade delegation.</p> <p>Varun Beverages Ltd. (One of the biggest franchises of PepsiCo) had announced investment of USD 100 million in DRC and will soon set up manufacturing units of Pepsi products in Maluku SEZ. Mission has requested them to source their sugar requirements from India.</p>
<u>3.</u>	Pharmaceuticals (30)	<p>Although pharmaceutical exports have already reached around USD 164 million. There is still scope for improvement.</p> <p>Mission has been encouraging Indian Pharmaceuticals companies to invest in DRC to set up pharma manufacturing units for local consumption as well as export to nearby countries. In this regard, Ambassador met with the representatives of La Santé Pharmaceuticals (currently based in Gabon and imports APIs from India) to also set up manufacturing units in DRC.</p> <p>Indian company Unique Pharma became one of</p>

		<p>the first few enterprises to sign a contract with DRC government to set up pharma manufacturing plant in Maluku SEZ. M/S Unique has also been requested to import most of its raw material from India.</p>
4.	Vehicles and parts (87)	<p>India dominates the two-wheeler market in DRC, with almost 50% of import share. However, there is still scope for Indian companies especially in large vehicles, trucks etc. TATA and Mahindra have already invested in DRC. Mission has requested major Indian companies to source their needs of commercial vehicles from Indian companies mentioned above. In terms of 4-wheelers, currently Toyota is the dominant company.</p> <p>Recently, Pan Afrique Motors (representing TATA and Mahindra) have also partnered with an Indian national in Gabon, who would import these Vehicles in Gabon and sell to the local market. This would immensely boost our vehicles exports to Gabon.</p>
5.	Defence exports	<p>India's defence export to DRC is nil at present. Given the fact that Eastern Congo is the most unstable region in central-west Africa and MONUSCO (UN Peace-keeping force) withdrawal is imminent, there is an immense scope for India to boost its defence exports to DRC.</p> <p>Military trucks and rifles may be the low-hanging fruits in this category. Ambassador and the political officer have met multiple authorities in DRC government, including Defence Minister, to discuss this.</p>

		A Gabonese delegation including senior military officials visited New Delhi on February 05 – 09 as part of the techno-commercial visit to HAL sites, as part of the process for purchase of six (06) Light Combat Helicopters.
6.	Machinery (84,85), Cement (25) and other construction material	With respect to India's infrastructure projects in DRC, Mission has three major targets. The projects, besides generating immense goodwill among government and people alike, as they will provide electricity and jobs to locals, will also boost India's exports as 75% of the project value worth material are to be sourced from India.
7.	Food Processing and Agricultural Machinery	Under the National Program for development of 145 territories of DRC, the host government is keen to have investments in Food Processing and Agricultural machinery sectors. The Government is particularly keen to have Indian investors to visit DRC and see the massive opportunities in the country in these sectors.

(i) Gabon

The above-mentioned products also have the potential to be exported to Gabon. However, due to the low population of Gabon (around 2 million), the potential remains comparatively low.

(ii) Central African Republic

Export potential is limited as CAR is one of the poorest countries in the world, with low population and poor infrastructure.

E. Potential Indian imports in the future

(i) Democratic Republic of Congo

DR Congo is among the most mineral rich countries in the world. It is also among the Least Developed Countries (LDCs). Being an LDC, the country is eligible for India's Duty-Free Tariff Preference Scheme (DFTPS), however, DRC is yet to send a Letter of Intent for the same, despite Mission's numerous efforts. This could help India in sourcing critical minerals such as Cobalt, Copper, and 3T (Tin, Tungsten, and Tantalum) from DRC, which are currently largely exported to China.

(ii) Gabon

Gabon is one of the OPEC countries and could be a source for India's need for diversifying its energy demands. A consortium of Oil India and Indian Oil is already involved in exploration of oil in Gabon, however, so far oil hasn't been found.

F. Important Commercial News

DR Congo

1. PM Sama Lukonde visited South Africa to participate at the 30th Edition of Mining Indaba on **February 05**. During his intervention, he stated that DRC is ready to partner with any country willing to support it in the research, exploitation and transformation at the local level of minerals for the energy transition.

Gabon

1. Fitch confirmed on **February 02** the credit ratings of Gabon as B- with a stable outlook. Gabon was also removed from the 'negative watch' list.

2. The IMF completed its two-week long Article IV mission in Gabon on **February 05**, and gave several recommendations for improving its economy. Although it expressed satisfaction over the economic situation, it nevertheless called for Gabon to improve its debt situation and budget balance. It also called for rationalizing of expenditures and improving tax governance. It commended the Gabonese government for structural reforms undertaken in the areas of governance, transparency, and fighting corruption.
3. The transitional Parliament adopted the bill to amend the Transitional Charter on **February 09**. The objective behind the bill was to allow the President of the Transition to refocus on his sovereign functions as President of the Republic and Head of State.
4. Gabonese state purchased 75% shares of one of the biggest oil companies in the country, Assala Energy, on **February 14**. The government hailed the move as step towards boosting sovereign control over its resources.
5. A Gabonese delegation including senior military officials visited New Delhi on February 05 – 09 as part of the techno-commercial visit to HAL sites, as part of the process for purchase of six (06) Light Combat Helicopters.

F. Trade Queries for Imports/Exports for the month of February 2024
