06	39	PLASTIC AND ARTICLES THEREOF	0.17
07	19	PREPARATIONS OF CEREALS, FLOUR, STARCH OR MILK, PASTRYCOOKS PRODUCTS	0.15
08	82	TOOLS IMPLEMENTS, CUTLERY, SPOONS AND FORKS, OF BASE METAL; PARTS THEREOF OF BASE METAL.	0.11
09	84	NUCLEAR REACTORS, BOILERS, MACHINERY AND MECHANICAL APPLIANCES, PARTS THEREOF	0.11
10	10	CEREALS	0.06

D. Potential Indian Exports in the future

S.No	Commodity	Rationale
------	-----------	-----------

.	(HS Code)	
<u>1</u>	Cereals (10)	DRC imports around \$70-80 million worth wheat (all from Russia and Ukraine). However, a negligible amount is imported from India. Similarly for around \$90 million worth rice import of DRC (over 60% from Thailand), India's share is only around \$25 million.
<u>2.</u>	Sugar (17)	<p>DRC imports around USD 25 million worth of Sugar. Majority of this is sourced from Brazil and hence India has an immense scope to boost its exports here. Mission has identified the major importing companies and has requested APEDA for a trade delegation.</p> <p>Varun Beverages Ltd. (One of the biggest franchises of PepsiCo) had announced investment of USD 100 million in DRC and will soon set up manufacturing units of Pepsi products in Maluku SEZ. Mission has requested them to source their sugar requirements from India.</p>
<u>3.</u>	Pharmaceuticals (30)	<p>Although pharmaceutical exports have already reached around USD 164 million. There is still scope for improvement.</p> <p>Mission has been encouraging Indian Pharmaceuticals companies to invest in DRC to set up pharma manufacturing units for local consumption as well as export to nearby countries. In this regard, Ambassador met with the representatives of La Santé Pharmaceuticals (currently based in Gabon and imports APIs from India) to also set up manufacturing units</p>

		<p>in DRC.</p> <p>Indian company Unique Pharma became one of the first few enterprises to sign a contract with DRC government to set up pharma manufacturing plant in Maluku SEZ. M/S Unique has also been requested to import most of its raw material from India.</p>
4.	Vehicles and parts (87)	<p>India dominates the two-wheeler market in DRC, with almost 50% of import share. However, there is still scope for Indian companies especially in large vehicles, trucks etc. TATA and Mahindra have already invested in DRC. Mission has requested major Indian companies to source their needs of commercial vehicles from Indian companies mentioned above. In terms of 4-wheelers, currently Toyota is the dominant company.</p> <p>Recently, Pan Afrique Motors (representing TATA and Mahindra) have also partnered with an Indian national in Gabon, who would import these Vehicles in Gabon and sell to the local market. This would immensely boost our vehicles exports to Gabon.</p>
5.	Defence exports	<p>India's defence export to DRC is nil at present. Given the fact that Eastern Congo is the most unstable region in central-west Africa and MONUSCO (UN Peace-keeping force) withdrawal is imminent, there is an immense scope for India to boost its defence exports to DRC.</p> <p>Military trucks and rifles may be the low-hanging fruits in this category. Ambassador and</p>

		<p>the political officer have met multiple authorities in DRC government, including Defence Minister, to discuss this.</p> <p>During the DefExpo 2022, the Defence Ministers of DR Congo and Central African Republic visited India and held bilateral meetings with Hon'ble Raksha Mantri of India.</p>
6.	Machinery (84,85), Cement (25) and other construction material	With respect to India's infrastructure projects in DRC, Mission has three major targets. The projects, besides generating immense goodwill among government and people alike, as they will provide electricity and jobs to locals, will also boost India's exports as 75% of the project value worth material are to be sourced from India.
7.	Food Processing and Agricultural Machinery	Under the National Program for development of 145 territories of DRC, the host government is keen to have investments in Food Processing and Agricultural machinery sectors. The Government is particularly keen to have Indian investors to visit DRC and see the massive opportunities in the country in these sectors.

(i) Gabon

The above-mentioned products also have the potential to be exported to Gabon. However, due to the low population of Gabon (around 2 million), the potential remains comparatively low.

(ii) Central African Republic

Export potential is limited as CAR is one of the poorest countries in the world, with low population and poor infrastructure.

E. Potential Indian imports in the future

(i) Democratic Republic of Congo

DR Congo is among the most mineral rich countries in the world. It is also among the Least Developed Countries (LDCs). Being an LDC, the country is eligible for India's Duty-Free Tariff Preference Scheme (DFTPS), however, DRC is yet to send a Letter of Intent for the same, despite Mission's numerous efforts. This could help India in sourcing critical minerals such as Cobalt, Copper, and 3T (Tin, Tungsten, and Tantalum) from DRC, which are currently largely exported to China.

Two major mining events are going to be organized in DR Congo in 2023.

- i) **DRC Mining Week Expo. & Conference:** 14-16 June, 2023 at Lubumbashi, Congo
- ii) **DRC- Africa Battery metals forum:** 12-13 Sep, 2023 at Kinshasa, Congo

These events are the two biggest Mining and minerals related events in DR Congo, and will be a great opportunity for Indian businesses to interact with government officials, businesses, investors, traders etc working in the mining sector. Lubumbashi is also the mining capital of DR Congo. Some interested members of Indian participants/ businesses can also visit some mines owned by Indian businessmen in Lubumbashi and Kolwezi where most of mining of copper, cobalt, Lithium, 3Ts (tin, tungsten and tantalum) is going on.

Therefore, a large business delegation may be mobilized for attending these events.

(ii) Gabon

Gabon is one of the OPEC countries and could be a source for India's need for diversifying its energy demands. A consortium of Oil India and Indian Oil is already involved in exploration of oil in Gabon, however, so far oil hasn't been found.

F. Trade Queries for Imports/Exports for the month of December 2023 (if not uploaded on the Indian Trade portal)

S.No	Name of Company	Product	Nature Import/Export	Action Taken	Date received & replied	Email
